(Continued from First Page)

rounding of their children. The junior high school auditorium at present cannot be used as a place for moving pictures because of the order of the state police. This, however, is an example of things the association might get interested in.

A point mentioned was that the association had ample opportunity to arrange lectures and simple forms of instruction in which every citizen should be interested. It can assist in making American Education week from November 12 to 22 a success.

The mistake is sometimes made of letting a small representation of the association attempt to voice the sentiment of the entire association, he said. One mistake he is certain was made because he had a part in making it. The association, a few years ago, elected a business manager against the attempt on the part of the taxpayers' association to lower the municipal appropriation. Because this association is composed of members who have widely divergent opinions, he declared that a small executive group could not be truly representative of the association.

The work of Miss Elizabeth Rice who has been recently installed as nutritional in the school by the American Red Cross was dwelt on briefly by Mr. Holmes in closing his talk. He said that it was important work and should be supported and kept in the schools.

The rest of the program arranged by Secretary M. H. Cutting was as follows: Solo, Miss Doris Bradley; trio, Robert Bole, cellist; Allen Norton, violinist; Louis Charnoff, pianist; Allen Norton also gave a violin solo.

WATERBURY BLEACHERS NOT TO BE BROUGHT HERE

But Vice-Principal Moody Has Other Plans to Accommodate H. S. Football Crowd.

Despite the fact that 3,000 of the expected 5,000 bleachers for the annual game between Hartford High school and New Britain school on Saturday, November 14, will not be imported into the city because of a last minute cancellation of the contract between George Mulhann and the athletic association of the New Britain High school by the former, Vice-Principal James C. Moody of the Senior High school announced today that he has other prospects and that the game will be played in New Britain despite reports to the contrary.

The report yesterday that the authorities of the Senior High had secured 3,000 bleachers to take care of the large crowd that is sure to pack the Memorial field in Willow Brook Park was greeted with great enthusiasm. The bleachers were being brought to this city in anticipation of taking care of the large crowd that is expected at the All-New Britain-Waterbury Blues game the following day, as well as the New Britain-Hartford crowd. The change of plans on the part of the All-New Britain and Waterbury management brought forth the news that the bleachers could not come to New Britain.

Waterbury Resident Tells What Nox-ri-tis Did For Her

Mrs. Alice Scott, 13 Hill Street, Waterbury, Conn., Is 63 Years of Age and for the Past Two Years She Has Had Rheumatism so Bad That She Could Not Go Up or Down Stairs.

Mrs. Scott says: "For the past two years I have been so bothered with rheumatism that it was impossible for me to sleep nights and to go up or down stairs was absolutely impossible. My ankles would become numb and get as cold as a piece of ice. The pain was so severe that I could not bear to stand on my feet, and the circulation in my legs was so poor that they were cold even in summer. I have been advised by many friends to do this and that, but I want to state here that all things I did and all the medicines which I have taken have never done me one particle of good, until I took a full treatment of NOX-RI-TIS. I have received such wonderful results by its use, that I am praising and recommending it to all my friends. In fact, I am buying some now to give away. Just imagine how happy I am now to be free from pain and soreness and being able to sleep the whole night through. NOX-RI-TIS is wonderful and I shall do all I can to tell others of its merit."

NOX-RI-TIS is bringing joy to thousands of rheumatic sufferers daily. If you suffer with muscular rheumatism, rheumatism of the joints, sciatica, arthritis, neuritis, lumbago or kidney disorders, why not take the advice of Mrs. Scott and give it a trial?

Call at Miller & Hanson Drug Co., 35 Church Street, and talk with the NOX-RI-TIS expert.
